 the written permission of the publisher.

[illegible]

This is a detailed black and white map of the Adirondack Park region in New York. The map shows the extensive Adirondack Park area, which is shaded in a darker tone than the surrounding regions. Major towns and cities are labeled, including Plattsburgh, Burlington, Saranac Lake, and Lake Placid. The map also depicts the Adirondack Park itself, which is a large, irregularly shaped area covering a significant portion of the state. Various geographical features are shown, including mountains, rivers, and lakes. Inset photographs are scattered throughout the map, showing various scenes from the park, such as forests, lakes, and wildlife. A legend in the bottom left corner identifies symbols for Park Game Roads, U.S. Game Numbers, Second Class Roads, and State Game Sanctuaries. A compass rose in the top right corner indicates North. The map is framed by a decorative border.

LEGEND

- Park Game Roads
- U.S. Game Numbers
- Second Class Roads
- State Game Sanctuaries
